

0004 - Render Products

app.js

```
window.App = {
  start: function() {
    var self = this;

    EcommerceStore.setProvider(web3.currentProvider);
    renderStore();
  }
};
```

```
function renderStore() {
  EcommerceStore.deployed().then(function(i) {
    i.getProduct.call(1).then(function(p) {
      $("#product-list").append(buildProduct(p));
    });
    i.getProduct.call(2).then(function(p) {
      $("#product-list").append(buildProduct(p));
    });
  });
}

function buildProduct(product) {
  let node = $("");
  node.addClass("col-sm-3 text-center col-margin-bottom-1");
  node.append("<img src='https://ipfs.io/ipfs/" + product[3] + "' width='150px' />");
  node.append("<div>" + product[1] + "</div>");
  node.append("<div>" + product[2] + "</div>");
  node.append("<div>" + product[5] + "</div>");
  node.append("<div>" + product[6] + "</div>");
  node.append("<div>Ether " + product[7] + "</div>");
  return node;
}
```
